1988-89	Kevin McCracken	2009-10	Goose Haddock		

## PRESIDENTS REPORT 2020-21

Welcome to our 2020 – 2021 Yearbook. I do hope you enjoy reading and seeing what has been happening at our fantastic club throughout the past year.

We continue having ups and down's with COVID-19 once again, this has been keeping us on our toes but the club has come through once again and this is in part due to the great management team lead by our Club Manager, Mark and the commitment from our club members who keep this club continuing to be one of the best clubs in New Zealand.

The changes we have made have been well received by the majority of our members and I would like to thank them for their continued patience and support.

Our membership numbers remain constant, the Summer Membership has been well received with many of these members taking out the option to become Social or Full Members.

**SPONSORS:** Once again I take this time to thank our generous sponsors, they really are at the forefront of our business. Our annual sponsors evening was again a major success. I welcome back some old and also new sponsors to this season's grid map.

**TOURNAMENTS:** Overall our tournaments were well received. The OneBase and Ladies Tournaments were very successful but some of the smaller tournaments struggled. As we move into the new season we will have a dedicated Tournament Committee to ensure that our anglers receive the best platforms possible. We will continue to strive for continued improvement with all our fishing related activities. A big shout out must go to our Weighmasters, Roddy and Barry for a job well done.

**FINAL WORD:** I have great pleasure in welcoming back the role of Club Captain. This will be a huge asset to the club and members. The Club Captain will liaise with our members, both social and full and bring recommendations to the committee.

I would like to thank our hard-working committee, without this team many jobs wouldn't get done.

A special thanks must go to my Vice Presidents, Adrian, and Milton, it is a pleasure to work beside you both.

I would also like to thank Mark, our Club Manager. Mark has done an exceptional job in very trying times making sure that our club remains viable and is always looking forward to the next challenge.

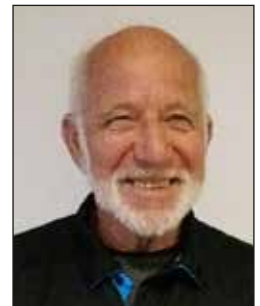

I welcome Caroline to the team upstairs. Both our Office Manager, Linda, and Caroline will make sure that the office is as efficient as possible.

All the best everyone.

Karmann Tresidder  
President

## PATRONS REPORT 2020-21

Another challenging year behind us, but the club has weathered the situations that have arisen very well. I would like to thank past Presidents for their help and advice throughout the year.

The Whakatane Sport Fishing Club is one of the best in New Zealand and we need to appreciate that and respect the hard labour that has been put in by previous committees and club members. I would like to say a huge thank you to the many sponsors that support the club, this enables us to have successful tournaments. I would also like to congratulate all of the prize winners at our recent annual awards evening.

With the types of membership that we have, it is important to recognise the value of Social Members. You are part of the backbone of our club.

Full members have had a great fishing year – lots of very successful tournaments and the winter tuna fishery has been a big hit. Well done to the committee for enduring and making the most of hard times, you have all had the stops pulled right out. Wednesday and Friday Club Nights are still a huge success. Please support these nights.

For this year, 2021/2022, let's all get behind the committee and instead of picking faults let's give them the help and support they deserve. Smile more, be friendly to your neighbours and we will surly in a short time have the best, the friendliest and most successful fishing club in New Zealand.

John Baker  
Patron

# MANAGERS REPORT 2020-21

Welcome to the 2020 / 2021 Yearbook.

Overall, the past 12 months has been very positive for our club. Recovering from the COVID lockdown and subsequent level changes throughout the year has certainly been a challenge but with some hard work we appear to have made a positive start to the transition back to normal club life.

With COVID vaccinations now being rolled out we, like all New Zealanders look forward to a year ahead where we can plan our operations with some certainty. This will put us in a position where we can continue to grow and improve. We are fortunate that we continue to be in a strong position so we don't have too much lost ground to make up.

Before the fishing season got underway we were concerned that we might find sponsorship across all platforms difficult. These fears were unfounded, in fact we saw a nice increase in support from sponsors over the year. We have seen an almost 3-fold increase in sponsorship income over the last two years. This is very pleasing as it illustrates that we are providing the exposure that sponsors demand and they are proud to be associated with our club.

Our new caterers have settled in nicely. Skippers certainly appears to be the restaurant of choice for many members and guests. While it is difficult to please all of the people all of the time we are very pleased with the performance of Skippers and look forward to many more years working with Kit and Asanka.

Our tournaments continue to be touted as some of the best in New Zealand. The numbers of anglers participating is fairly consistent with a couple of exceptions. While our tournaments are ticking along nicely we are always looking for ways to improve. The Tournament Committee have put time into fine tuning our tournaments including seeking input from anglers. Tournaments are constantly evolving, there are many variables at any one time. Weather, sponsorship, and we continue to move to more and more measure/tag and release fishing. The FMG Ladies and Whakatane Hunting & Fishing OneBase Tournaments were hugely successful, this was extremely pleasing and gives the club great confidence that the template we are developing is fit for purpose for years to come.

The social side of the club is developing again after COVID. Clubs' nights are super popular, many members are happy with the odd change in what we offer our members on club nights such as Jag the Joker, "Rogies Raffle" and the like. We hope that support we get from social activities will transfer into new members, both social and full. Increasing our membership is always high on our priority list so having a strong social following at the club is critical.

On a personal note, this year has been a strange kind of year in many ways. We continue to live in uncertain times, my main objective of the year was to keep as much of our "powder dry" as possible as we were never sure when and if we were going to be affected by COVID again. I'm pleased to report we have managed this and have not had to dig into any cash reserves through COVID lockdown or the recovery. We are in a strong position, we are certainly in a better place than many clubs throughout the country.

As life continues to resemble some sort of normality, I look forward to again moving forward and developing our club so that we continue to set the benchmark.

I would like to thank the committee and our wonderful staff for supporting me throughout my time at the club.

But most of all I would like to thank those members who have and continue to support me and the work I do for our club.

While not every decision I make is met with unconditional support it's important to remember that I must look at what's best for the club through the eyes of 4000 members.

Whatever time remains for me here at our club I will continue to do my best to develop and future proof our club so we all have a fantastic club to enjoy for many years to come.

All the best everyone.

Mark Read  
Club Manager

## JUNIORS TEAM BAY OF ISLANDS 2021

The 2021 Bay of Islands Yellowtail tournament was an absolutely fantastic trip for our Juniors this year, Milton Reynolds and Myself were given the envious task of being chaperones for 4 teens boys who were all super keen to show the Bay of Islands fisherman how we catch Kingfish!

Day one of our journey started with everyone assembling at the fishing club ready for what would be an 8 hour journey in the club van. Our ace fishing team of Levi, Joel, Liam, and Wyatt made themselves comfortable and we headed off North.

When we arrived in the Bay of Islands, we met up with Ross our skipper on Target charters loaded the boat with our 6 and 8 kg tackle then headed over to Russell on the ferry to the top 10 motor camp.

Briefing was in the Russell Swordfish club rooms where we were fed and watered every night. Good food, good company, and lots of old salty sea dogs to tell us stories!

The tournament is a light tackle King fish tournament allowing for measure and release, tag and release and capture. Our team is pretty sure they have this, as we all know Whakatāne is the capital of big Kingi's. How hard can this be!

Day one kicks off at 0600 at the wharf, we load ourselves on the boat along with a fresh coffee for the skipper and out we head into the harbour waiting for the shotgun start at 0700 then a mackerel for lives and off we head in search of some Kingi's.

The weather was not the kindest and we spent the day in Pig gulley (a well-known Kingi and bait catching area near the hole in the rock). Turns out we were given a serious handicap. Bananas in the lunch boxes and banana lollies to top it off for the double whammy. Dirty pool I feel. Gloves off now we are going to have to fight hard. Dropped a couple of fish early then although we had lots off sign in pig gulley we just couldn't get them to stick. Boys had a great day and handled the difficult conditions like true Whakatāne fishos.

The boys now had a taste of light tackle Kingi fishing, the mood was not quite as upbeat as it had been! Fishing 4 live baits at one time in trying weather is difficult, the boys had to continuously work between themselves to prevent tangles, under, over, port, starboard all day every day.

Day 2 was a lay day with lots of discussion on how to catch these fish while we did our best to show the boys around northland in heavy rain. A trip to the tackle shop for more hooks, sinkers and trace was needed as well, we were leaving lots of gear on the bottom, we needed to up our game for day 3.

By day 3 the boys had made friends with several of the other juniors fishing the competition and as we had been ambushed on day 1 by a water balloon attack a plan was hatched to make revenge, laying in wait the boys had a stash of hundreds of water balloons, as the team on St Moritz left port and idled past the Wharf the boys leapt into action, the whole team was on deck and got a wet morning wake up. This was just the start of an ongoing friendly rivalry between the teams.

On the fishing side we did much better with Joel picking up a 19.95 on 6, Liam dropping one after 20 min and Wyatt with a 6.5kg snapper which was great for dinner! We had changed to using blue Koheru for lives and this seemed to make all the difference so its now the plan, straight to the Koheru fishing spot and be ready for the 0900-start fishing time for the Kingi's.

Day 4, We really need to fight hard for fish, we tried lots of different spots looking for the fish, they just were not on the bite, we hooked up a few times but the technique of this light tackle fishing was hard for our boys to master, it's all about being gentle and guiding the fish away from the foul, not what we are used to at all. Wyatt dropped one after 30 mins at the hole in the rock off Cape Brett and everyone else had hook ups, just couldn't get them to stick again. It was still a great day and lots to learn for everyone.

Joel Griffin in the action

Day 5, last fishing day of the tournament started with a thick blanket of fog in the harbour giving around 10m of visibility, this made for a slow trip out for us, some boats were more adventurous and making the run a speed, this was not the best option for one boat that managed to find some not so boat friendly rocks, no one was hurt and they were able to get the boat off the hard and re-floated, just a reminder for all that navigating at sea by GPS alone may not be ideal especially at speed with next to no visibility.

Milton and I had been working hard at the BOI Sword fish club looking for information from the locals on where we should be going and it was decided that we should head north to the Cavalli Islands for the last day. Catching bait can sometimes be an issue at the Cavallies but not today, we filled the live bait tank real quick and we were now out for a serious Kingi hunt. Its basically bumper to bumper fishing as we rolled from one spot to the other, again dropping fish regularly.

Late in the afternoon we pulled up to a reef close to Lion Rock, so named as it looks like a lion! The fishing was hot, other boats around us were catching fish we were still dropping them, on what was our last live Koheru, Wyatt decided to use our local fishing technique of hit them hard and got a fish, that would have gone over 25Kg, to the surface, I was on the gaff and as the fish hit the surface it spat the live bait just out of reach and that seemed to tell the whole story of our tournament.

Target Charters looked after a team for a week!

Stop fishing was called at 1530, as it was every day and while the entire crew were disappointed not to have caught more fish we had all learnt a lot and it was still a great time.

Stop fishing also saw the water balloon fights start. Our boys had emptied every shop in Russell of water balloons and had them all filled with water and soap. Now we have several boats all involved, some had high pressure deck hoses some with Balloons all the kids were having a great time. The antics didn't end once we got back to port, it was all go on the wharf with both kids and adults getting in on the action. Great to see and great fun for everyone.

Friday is always a lay day so we arrange for a pool competition between a few of the juniors' teams, again more antics and fun for everyone. Then prize giving Friday night was a great night and a wonderful buffet put on by the BOISFC. Our team placed third in the Junior section with 726 points with the Russell Junior team placing first with 6429 points taking out the Whakatāne Sports Fishing Club Junior interclub trophy.

Overall while we couldn't make the fish stick, as a club we should be extremely proud of our team and the effort they put in. Every day regardless of the conditions all 4 of the boys were "knitting" (the name we gave to the continuous attempts to prevent the tangles from the livies) from start fishing to stop fishing, total dedication, and a tribute to them all.

Heyden Johnston  
Committee Member

Juniors team 2021. (L to R) Liam McCall, Wyatt Johnston, Levi Thomas, and Joel Griffin

## PROFILE: WEIGHMASTERS

### ROD OSWALD & BARRY OLIVER

Rod Oswald has been the clubs Weighmaster since 2004, that's coming up to 18 years! Not long after Rod took on the role of Weighmaster he and his wife spent some time in China where Rods wife was teaching English for a short period. It was during this hiatus that Barry came onboard to help out, they have been a dynamic duo ever since.

It's mind boggling to think of the number of fish the boys have processed in this time but a couple of fish do stick in the memory banks. Rod recalls that while work was being undertaken on the new wharf we had to move the Weigh Station to the compound for a short time. It was during this relocation that the guys weighed a Broadbill Swordfish at over 400 kg! The other fish which they recall is a little more recent.

That was our Junior Wyatt Johnston's 364 kg Black Marlin last December, given that our Weigh Masters have seen a lot of fish in their time this is an indication of just how special this fish was.

We all have our favourite tournaments, our Weigh Masters are no different. At the top of the list is the Whakatane New World Juniors Tournament. The guys just love seeing the enjoyment our kids get from getting out on the water.

The smiles the buzz, actually 'buzz' is a word Rod uses regularly when talking about what brings the team back year after year.

Like everyone the boys are getting older, not really a problem but the old knees cause a bit of pain from time to time. Mainly while walking downstairs, good job the Weigh Station is flat!

The boys are now in a position where they need review their ongoing involvement year by year.

The great news is that they have signed on for the 2021/2022 season! Also coming onboard in a more formal role is long-time club member and Life Member Les Cairns. Les has many years' experience at the Weigh Station and will be a great asset and help this season. Together, the three Weigh Masters should have our members needs well covered.

Our club is, of course, one of the top clubs in New Zealand. There are many reasons for this but one of the main reasons is our people. Members, Committee Members, and Staff all make this place what it is.

Our Weigh Masters are a very important part of our club and an important part of the group that make our club special.

From our members, Committee, Management, and staff.... Thank you Rod and Barry!

Legends! Weigh Masters Rod Oswald left with Barry Oliver catching their breath

## PROFILE: WYATT JOHNSTON

- **Name:** Wyatt Johnstone.
- **Age:** 15.
- **Club:** Whakatane Sport Fishing Club.
- **Boat:** Lollipop
- **Category:** Junior.

Dad, Wyatt (15) and Corisa (17) set out for our first day of summer fishing from our home port of Thornton on the morning of the 29th, the tides were favourable as we need 3 hours of water (Thornton is a shallow river entrance with a bad reputation). Our vessel is a 10 M Pelin built locally with the Thornton river bar in mind, it is shallow draft and with a 200hp Volvo and stern leg so she gets up and goes nicely. The boat is named Lollipop, as in "the good ship", seems to suit the old girl well.

The first plan of the day is to head directly for White Island, get some lures in the water inside the 100m mark and then turn east and head towards what we hoped was some 19-to-20-degree water and yellowfin tuna.

On our way out we saw lots of good sign, the gannets were going in the opposite direction to us although we were seeing lots of Skippy's and good water. Then at 100m deep behind Whale Island a double strike of yellowfin, neither stuck much to our disappointment. A good and promising sign, lots of bait on the sounder so after spending the next hour in the area we started getting reports of huge workups and lots of action further east so we left what we had and headed towards the action.

Sure enough the reports were right, lots of workups and even some meatballs, but no tuna to be seen. 3 hours of working

the area and no fish seen we make the call to head back west and leave the action. When I say we it was just me the skipper that made the call leaving the kids wondering what I was up to!

Seems the currents were moving fast and as we headed further west the water got colder and greener, then the calls started to come in from the boats working the area we had left, the yellowfin were on the bite, multiple strikes and plenty of fish being landed. With no opportunity to return back to the action we kept heading west, the kids decide that sleeping is the best option as the skipper had taken us from hot yellowfin fishing to nothing! I was not flavour of the month.

The weather was good the sun was shining, the beer was cold and the music was excellent. I was in my happy place trolling. The water started to improve, the gannets started to appear and again were heading in the opposite direction to us, this time returning from what must have been lots of action North of the Raurimu islands.

I started to head inshore to make sure we caught the tide at Thornton and slowly trolled from one little flurry of birds to the other, nothing much going on just enough to keep me interested, when we were in 50m of water I woke the kids up to pull the gear in, they reluctantly drag themselves on deck and start pulling lures, just then I see a work up start on our starboard side, not too bad size with plenty of gannets diving. I suggest we make one pass through the action and for the kids to leave the gear out.

As we come alongside the workup a tuna lure goes off, expecting a skippy I slow the boat so it can be retrieved, step out the back just in time to hear a 37kg shimano Tiagra start rattling as line begins peeling out. I very quickly realise this is no small fish. Then a Kahawai is landed on the deck, this was no skippy work up it was Kahawai. Looking down at the Tiagra it was just a steady solid stripping of line, this fish did not even know it was hooked and it must be large. Kahawai work up and large fish stripping line equals Marlin and probably Black.

Decision time, Corisa has limited game fishing experience, Wyatt has lots of experience and a broken collar bone and well Dad is just Dad the skipper. Who gets to play the fish? Wyatt is a Junior so that tipped the scales in his favour even with only one arm. We get him set up with a black magic stand up gimbal and a Harness, Wyatt slides the rod out of the holder into the gimbal and the harness is hooked up, all the while this fish still doesn't know it is hooked yet, several hundred meters of line out and we are now ready to put some weight on the fish.

Up goes the break from our 3kg trolling setting to 8kg strike and all of a sudden the fish decides to put some pace on, it's all on now!

The ensuing mayhem of driving the boat clearing gear and trying not to drop the fish will be well known to lots of game fishos, mayhem but fun all the same.

Wyatt with his New Zealand Junior Record Albacore. 16.64 kg on 37 kg line

The first leap was a full body clearing of the water, the angle didn't allow for a good ID of the fish and the colours made me suspect a very large shark, next leap was again clearing the water completely, this time no doubt a big black. A couple more leaps from the water and this fish is turned and heading north, line is howling out the fish hasn't been able to throw the hook during the acrobatics so its game on.

I ask Corisa to clean the Kahawai blood from the deck, this leads to our bucket being unmercifully released into the ocean, the fish is running out the back of the boat and we now have floating debris to dodge as well.

Soon after a pod of dolphins decide to visit, swimming around the boat and thankfully avoiding the very taught and humming 37KG Momi nylon stretching out 400 m into the ocean. The angler politely (or not so politely) asked them to leave, they didn't seem to be listening though! 10 Minutes of anxious wait hoping none of the dolphins contact the line. Luckily, they did leave without incident.

We keep driving keeping the fish parallel with the boat, Wyatt using his left arm which is in a sling to guide the line, right hand to winch the Tiagra in Granny mode and his legs to do the pumping. The technique was excellent, might just adopt one armed fishing as the new go to technique.

We got the fish close enough to get colour after 45 minutes, then off he went, another 300m of line in one solid run. At the 1 hour mark the fish makes another spectacular display leaping from the water several times. After this he settled down for another hour of tug n war. Gain some line lose some line no real winners on either side.

It wasn't until after the 2-hour mark did the fish start to succumb to the pressure we had maintained, he changed direction, we were able to turn its head finally. At 2 hours 20 I had the leader. We now have the skipper holding the leader, the angler with one arm and Corisa being taught how to gaff and tail rope her first Marlin "on the job". Again, mayhem that only game fishos know!

Tail rope on, fish is tied off to the bollard its officially a catch. Yeehaaaa!

The size of the fish starts to become a reality, it is huge and what do we do with it now! How can we get this secured and head to Whakatane for a weigh in?

After much cursing, struggling and improvised rigging of ropes we managed to get the head up on the duck board and through the transom door. But that was it, we couldn't get it any further so this fish was going to be surfing home with us.

It wasn't until the fish was in that we now realise that the hook was not well hooked after all, the barb was not in the fish and the hook was removed with ease. Wow how lucky were we. Testament to tight lines at all times.

A quick call to the Whakatane sports fishing club and we have offers of assistance with boats ready to launch and help us get this mighty fish on the boat, luckily old Lollipop was up to the task with us getting up to 12 knots with 800lbs of fish hanging out the back. Being so close in we were at the weigh station in just over an hour from landing the fish.

At 20mm shy of 4 m long and 1.8m girth the fish was only just able to fit under the Whakatane fishing club gantry. Tipping the scales at 364kgs we now have a potential NZ record Junior Black marlin. What a day, lucky the skipper changed the plan after all.

We had the fish in the chiller in under 4 hours from capture, made for some spectacular sashimi and smoked fish, which Wyatt smoked himself in our oversized smoke house. After dishing it out to family, friends and for a snack for everyone during the Whakatane sports fishing club Junior tournament briefing night it might be time to chase the yellowfin after all to fill the larder. The front end is at the taxidermist and will be displayed in the Whakatane sports fishing club to inspire a new generation of Junior sports fishos.

What a season! A proud Wyatt on parade with his New Zealand Junior Record Black Marlin. 364.00 kg with a broken collarbone!

## LOCALS HELPING LOCALS

**Great homes start with a great idea. Combine that with expert advice and a little hard work and you can make your dream home and garden a reality with Mitre 10 Whakatane and Opotiki.**

Both stores are proudly owned by locals Wayne Fowler and Adair Kenney who bought the store in 2017. Since then, they've made some significant changes including the recent expansion and modernisation in both stores, which allowed them to increase their selection of timber, landscaping and building materials.

They've grown the garden plant range to support increased demand for indoor and outdoor plants from both seasoned, green-thumbed gardeners and first-time plant-parents. The kitchen and bathroom showrooms have both been refreshed with new on-trend colours and styles on display.

Whether you are designing a new home or planning a renovation to your existing one, the experienced team at Mitre Whakatane and Opotiki can help see your project through to completion. Head in and have a chat to get the ball rolling or take in your plans so the team can give you a quote.

### Bathrooms:

The stores range of high-quality bathroom products include showers and baths, toilets and basins, vanities and an extensive selection of tapware so that you can create a space that's yours. Plus check out the beautiful new showrooms for ideas and inspiration. Beyond the stylish amenities, you can also find hot water cylinders, pipes and fittings. It's the ultimate one-stop-shop for DIY projects.

### Kitchens and Appliances:

Mitre 10 Whakatane and Opotiki makes it easy to design an affordable kitchen. Customers can choose from a large range of fantastic appliances such as free-standing or wall ovens, microwaves, rangehoods, fridges, cooktops and dishwashers. You can fully deck out your new or renovated kitchen space with appliances that blend form and function. Speak to the in-store kitchen design team who can help you bring your kitchen ideas to life.

### Paint & Decorating:

An ideal destination for paint and decorating jobs, you'll find an extensive selection of interior and exterior paints, decking stain and outdoor furniture oils abound, not to mention ladders and all the essential painting and decorating accessories. The paint tinting service can match almost any colour and customers can also view the extensive range of preparation coats, adhesives, sealants and gap fillers online.

### Outdoor Furniture & BBQs:

Enjoy the Kiwi summer with an outstanding selection of outdoor dining and lounge settings. There are options available in a selection of mixed materials including modern aluminium, concrete and glass, plus warm, timeless hardwood such as teak and eucalyptus. The new season range is due in store early September alongside a great collection of on-trend accessories, outdoor heating solutions and BBQs from top brands such as Weber and Masport.

### Garden Centre:

The garden centre at Mitre 10 Whakatane and Opotiki sets the standard in the Eastern Bay of Plenty and is packed with a fabulous range of healthy plants each season. From brilliant colours and decorative shrubs to fruit trees and flavoursome herbs, we've got everything you need for the garden and inside the house. Plus, a team of garden experts are on hand and happy to help.

### Building Supplies:

The range of MDF products, plywood, panelling and wallboards, doors and insulation ensure you've got all the essentials for any project, big or small. The timber and landscape yard has more than doubled the space to accommodate a great range of options with plenty of stock available and lots of space to shop. Bring in your plans and we can price the materials for you to help you get your project off the ground. We don't just do landscaping or fencing – we can do the whole job.
